DIGITAL CONTENT

*Empowering Digital Artistry with Legal & Authentic Licensing

- High-Definition Stock Infrastructure
DRiiMZ provides a certified, high-end e-commerce infrastructure for global digital asset and stock photography distribution.
- Authorized Commercial Rights
Every download guarantees authentic commercial licenses, meeting strict global PG and compliance standards.

*Curated High-End Digital Stock Portfolio

DRiimZ presents an ultra-rare digital stock portfolio established through exclusive collaborations with renowned European photographers and visual artists. Each asset is a masterpiece possessing immense commercial value and aesthetic perfection, meticulously curated for premium collectors and corporate branding. Utilizing our proprietary metadata framework, DRiimZ elevates standard stock licensing into an elite digital ownership experience. This strategic alliance with global top-tier creators secures a sustainable competitive advantage and drives massive organic traffic from users seeking one-of-a-kind visual intellectual properties.

EXCLUSIVE ARTISTRY

PROPRIETARY TECHNOLOGY

The Only Digital Asset Formulated Exclusively for You

- Immutable Buyer Identity Embedding
DRiimZ utilizes an advanced, proprietary tracking technology that permanently embeds the buyer's unique ID and purchase information into the digital metadata.
- One-of-a-Kind Collectible Stock
This encryption ensures that each downloaded file is a verified, unique asset exclusive to the owner, maximizing its collection and security value globally.

02

REWARD RAFFLE

High-End Complimentary Reward Paradigm for DRiimZ Members

- Global Compliance & Independent Architecture

The DRiimZ raffle system is a purely complimentary reward event specially designed for all platform users, entirely independent of their content purchasing behavior. To fully comply with global compliance requirements and e-commerce standard guidelines, while clearly defining the nature of this free event, the raffle system operates within a completely independent architectural space, with its database and interface layers strictly isolated from the standard digital stock content store.

- Real-Time Active Score & Transparent Drawing System

Users who complete a content download are awarded 'Active Scores' in real time, which grants them free access to premium raffles within the platform. To ensure absolute transparency and fairness, the number of participants and winning probabilities for each raffle are publicly disclosed, with a maximum limit of 10 entries per person. All drawings are processed through a randomized system engine; instead of user IDs, unique drawing numbers are utilized to execute the random selection and publish winner announcements.

3 CORE ADVANTAGES

01

Real-Time Participant Tracking

- Full transparency with live participant counts for every active raffle.

02

Verified Probability Check

- Open and verifiable winning odds, ensuring an honest and fair ecosystem.

03

Anti-Monopoly Fair Participation

- Anyone can participate globally, but strictly capped at 10 entries per raffle.

“Turning Dreams into Reality through Transparent Selection”

- Fair Selection Mechanism: DRiimZ enforces an automated, algorithmic selection process to guarantee absolute impartiality for every participant worldwide.
- Instant Winner Notification: Winners are immediately notified via secure global networks, initiating our specialized international fulfillment procedure.

GLOBAL FULFILLMENT

*Seamless Delivery to Any Destination on the Globe

- **Global Logistics Partnerships**

With a robust network of strategic international partners, DRiiMZ guarantees secure and prompt shipping of rewards to any country.

- **Borderless Premium Fulfillment**

From high-end tech to luxury assets, all custom clearing and delivery tracking are professionally managed until the product reaches your doorstep.

WINNER REVIEW & TAX GUIDE

1. Full Corporate Tax Coverage

- When winners submit an official community review, DRiimZ covers 100% of the local withholding tax. This corporate benefit eliminates out-of-pocket financial burdens for our global users, ensuring seamless reward delivery.

2. Double Taxation Prevention

- To protect the asset value of your reward, the platform strictly leverages the Double Taxation Avoidance Agreements (DTAA) officially established between the Republic of Korea and your resident nation, preventing duplicate tax liabilities.

3. Residency Compliance & Tax Verification

- Winners must verify their residency under active tax treaties for smooth tax exemptions. For users who successfully complete their reviews according to the guidelines, official tax reporting records can be verified directly via 'My Page.'

04 SOCIAL RESPONSIBILITY

“Scaling Global Donations in Harmony with Platform Growth”

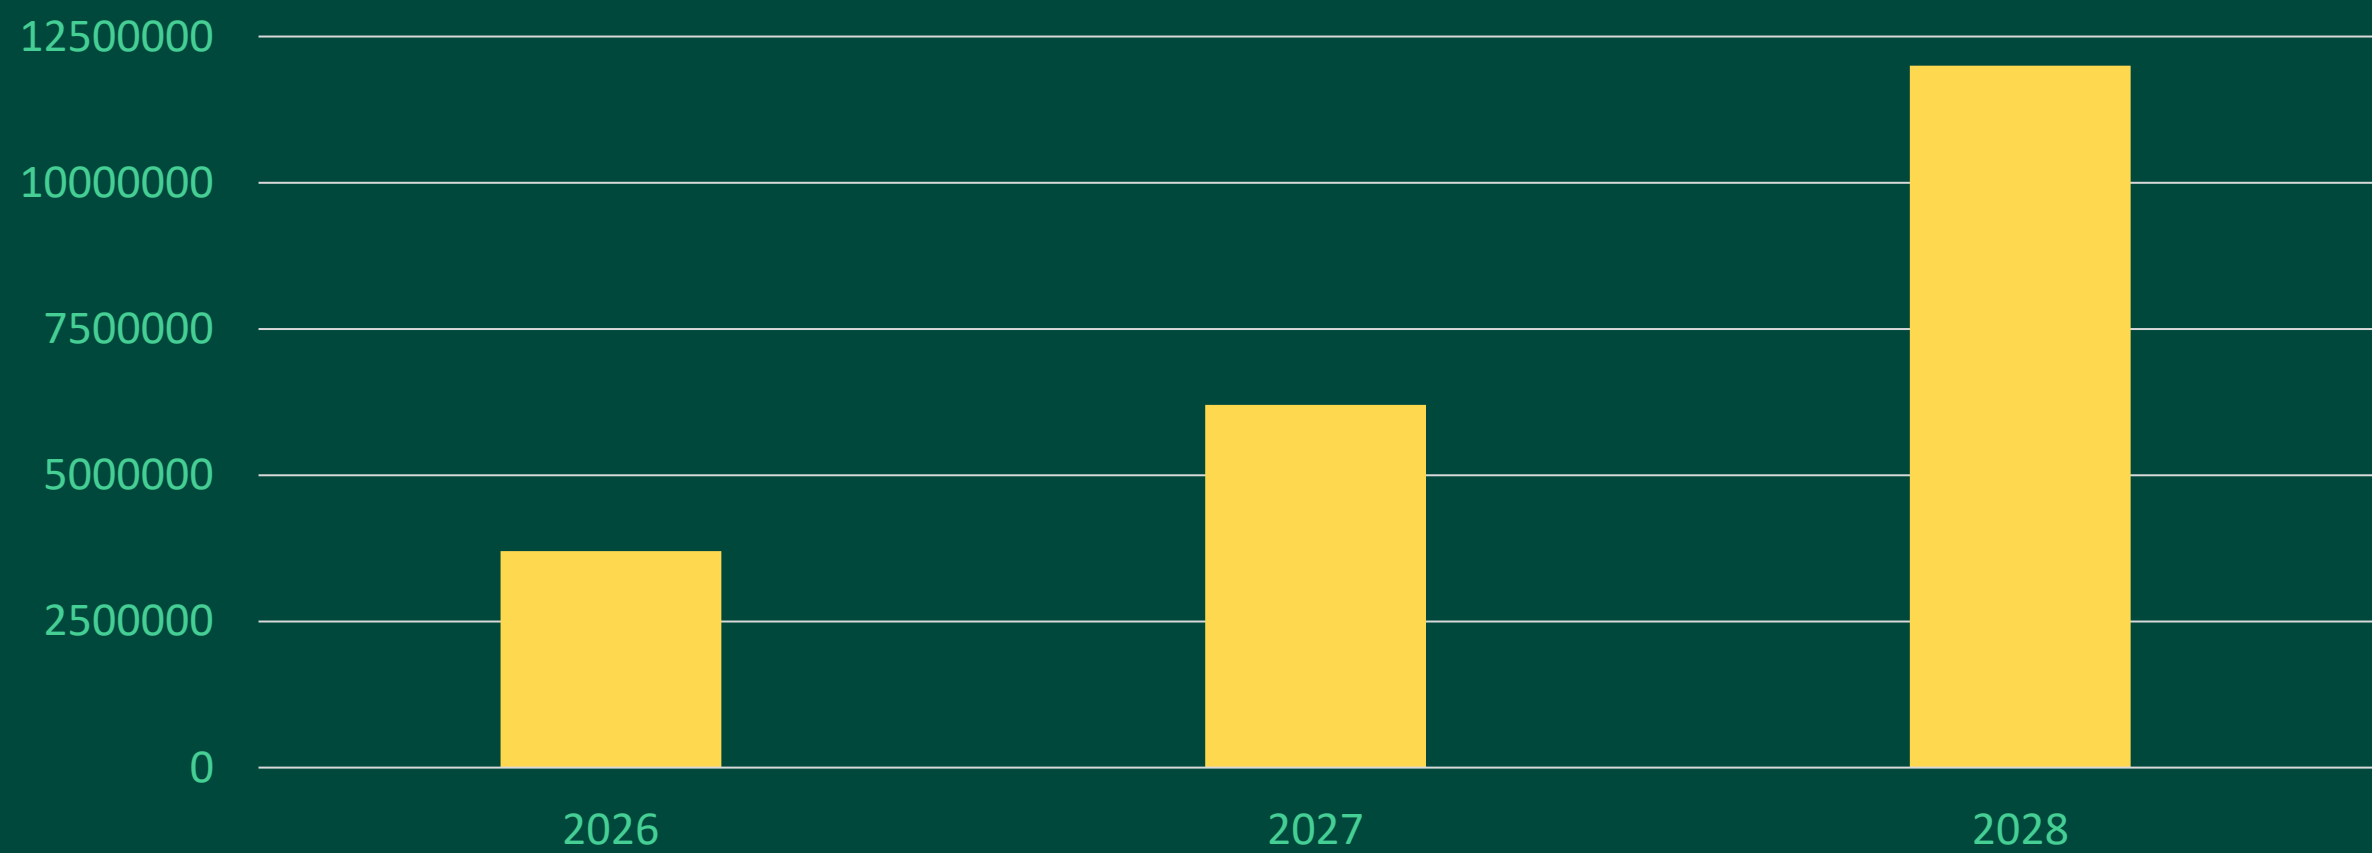

- Parallel Contribution Model

As our digital content sales scale upward, our global donation index automatically increases in direct proportion.

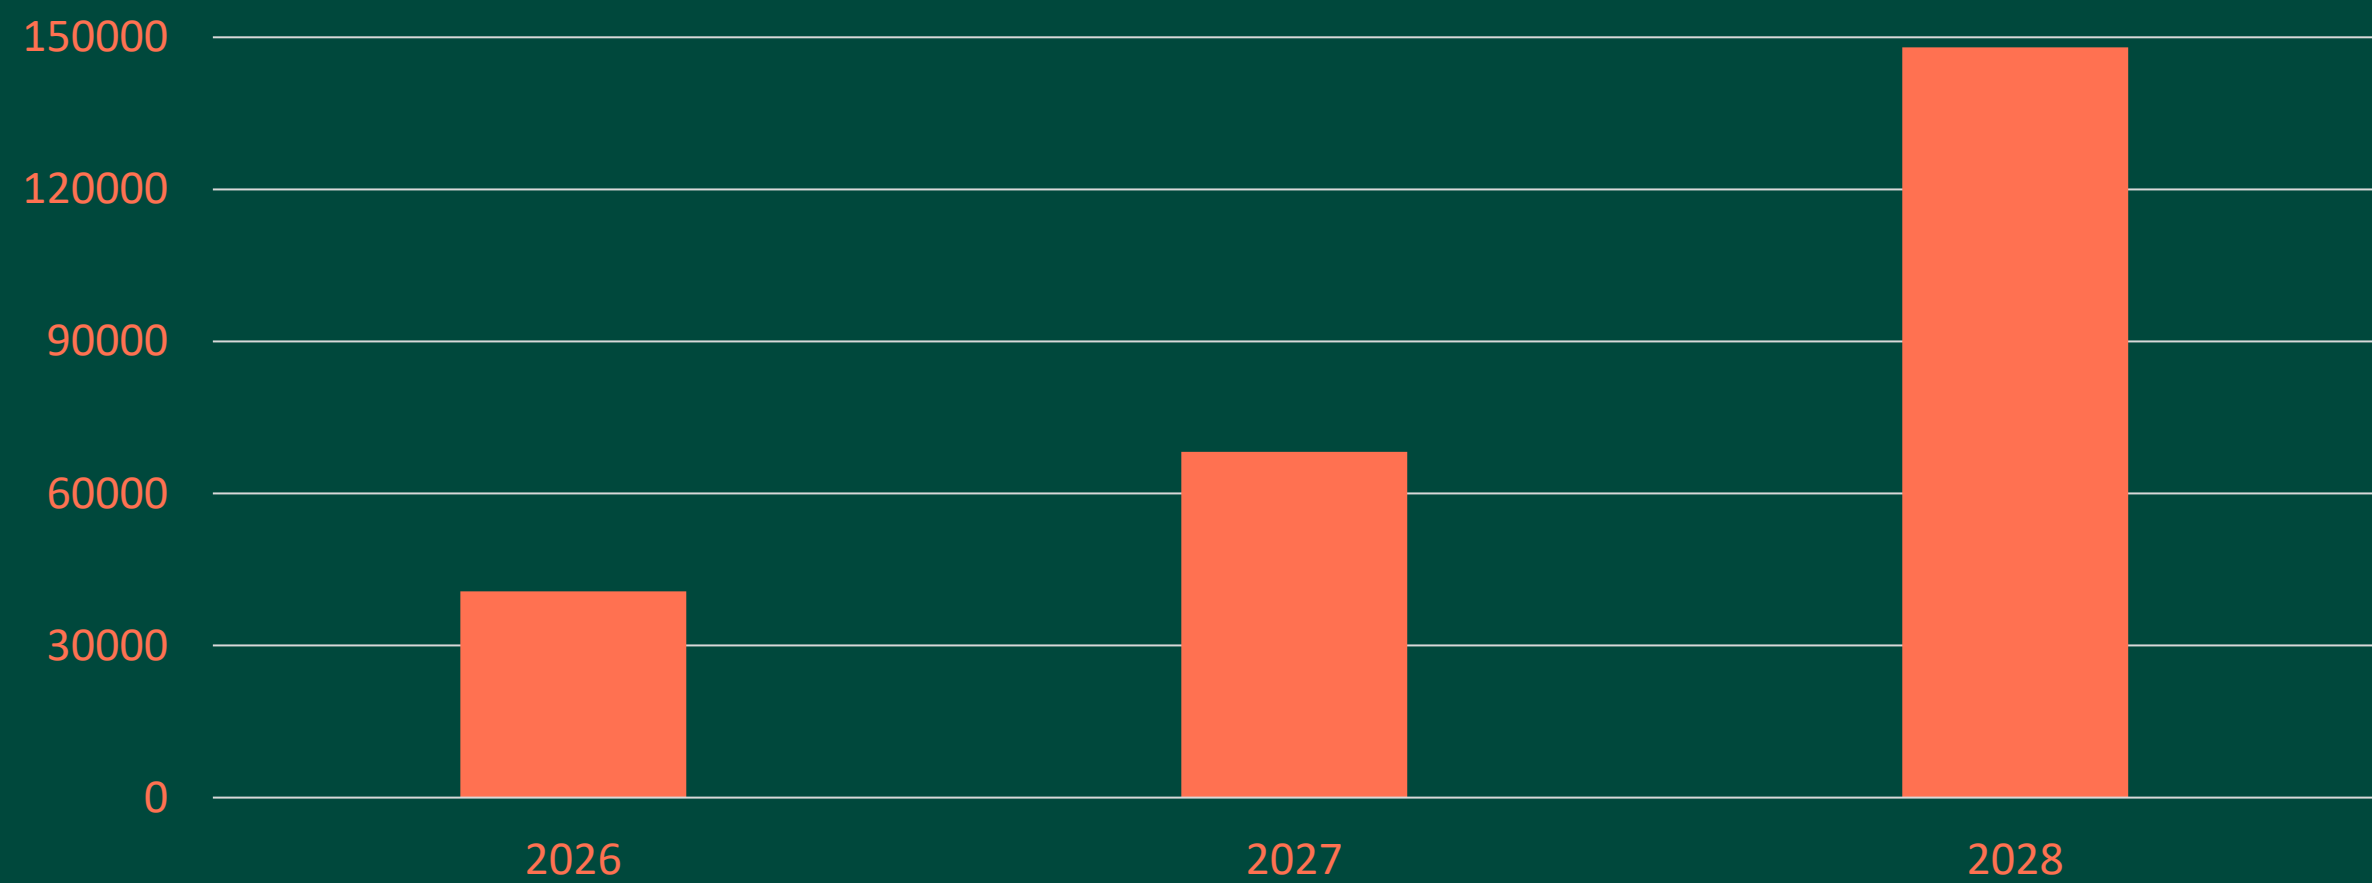

- Establishing a CSV Ecosystem for Global Co-prosperity

Instead of monopolizing profits, DRiimZ transparently shares its economic value with global users and communities. Through this innovative CSV paradigm, users' digital content consumption directly drives positive global impact and social contribution. Ultimately, DRiimZ is leading a sustainable digital ecosystem to shape a better tomorrow for everyone.
